

So Elie, Eglise Alliance Chrétienne

We are happy to hear God speaking to us in our native language. We intend to use it in our churches during sermons, devotions, and pastoral meetings

Mrs. YELEMOU/ZAN Thérèse

Eglise de l'Alliance Chrétienne de Toma

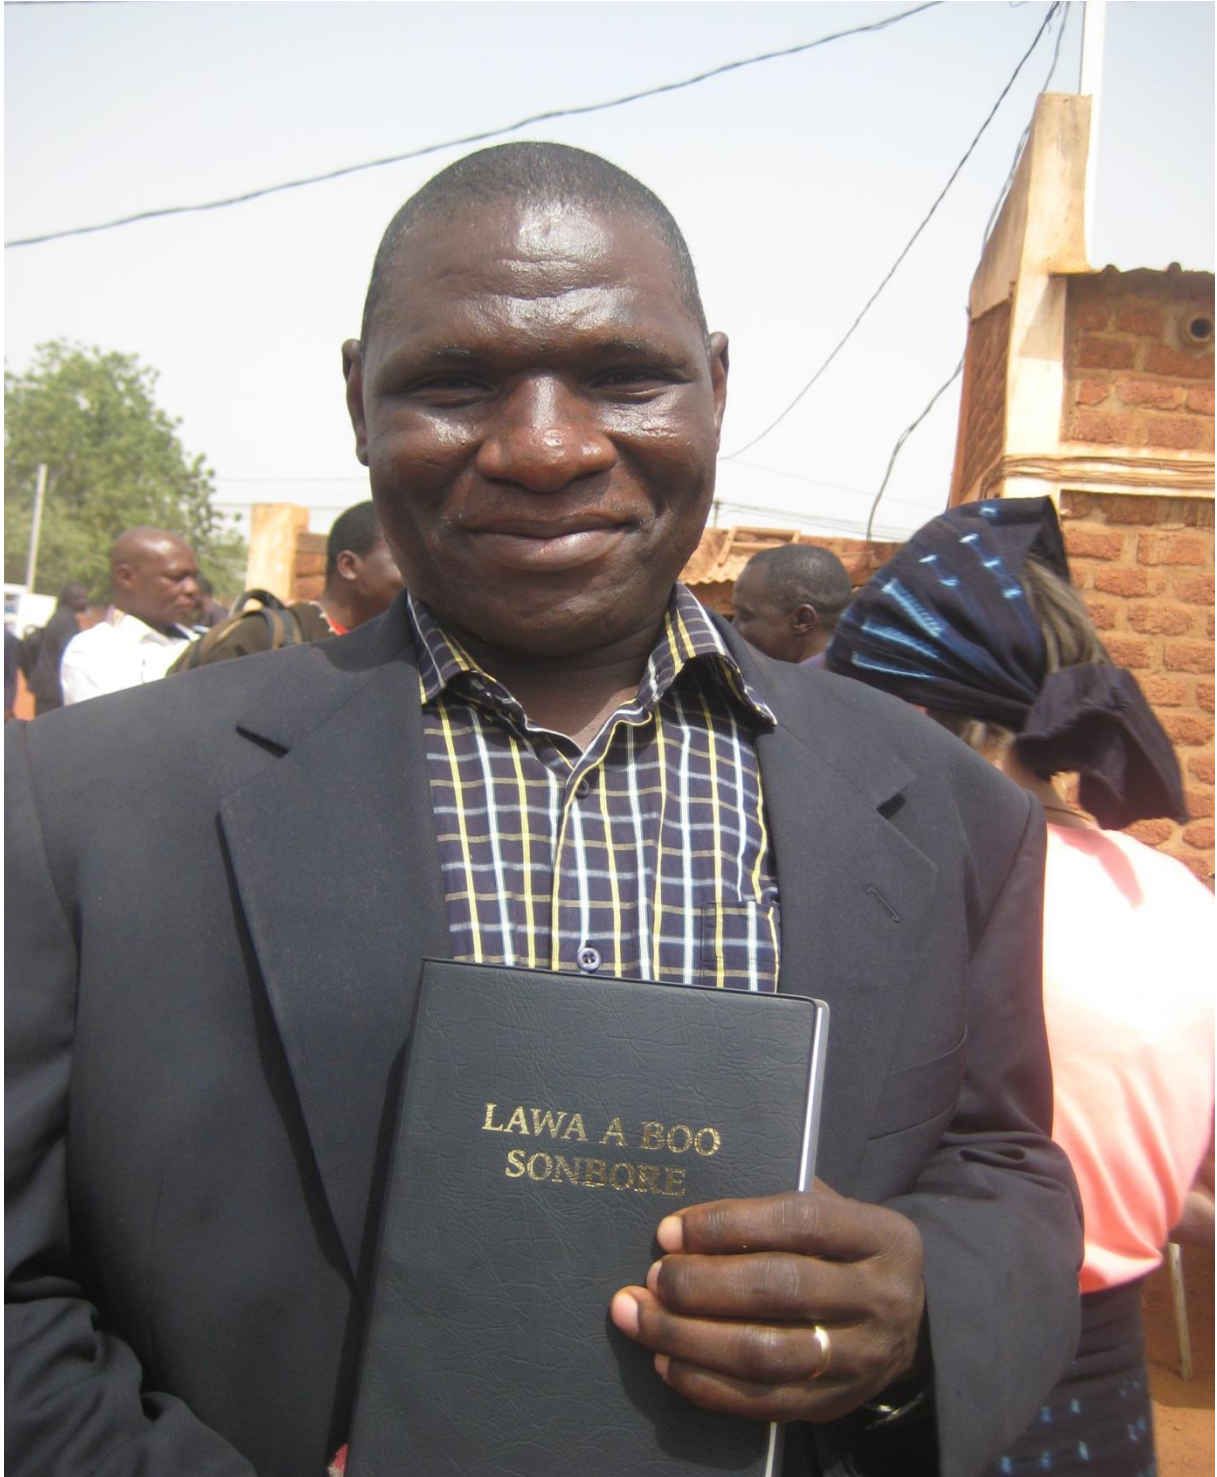

I am very happy to have God's Word in my language. But I am illiterate in my own language, so it will be difficult for me to read. I'm willing to learn reading the Bible if I get the opportunity.

Pastor Barnabas KI,

du Centre International d'évangélisation de Toma

We thank God for this new Bible. It will enable us to proclaim the Word of God and teach it to those who only understand the San language. May God bless those who will use it.

Mrs. BORO Djenéba

I am grateful to the Lord for this new translation. This will allow me to read the Bible in my mother tongue. I commend the Bible Society for this work and encourage them to continue this work for other communities that do not have the Bible in their language
